

UNDERWRITING EVALUATION REPORT

RECOMMEND: MANUAL REVIEW

EXECUTIVE UNDERWRITER SYNTHESIS

This application cannot be auto- approved because 3 of 4 required documents (GST Certificate, PAN Card, Bank Statement) are missing, despite a favorable risk score of 78.3 % and a clean adversarial check. Once documents are submitted and verified, this application is likely to qualify for approval based on its financial profile.

1. Business & Application Profile

Legal Business Name:	High Risk Test Merchant	Application ID:	APP-TEST-HIGH-RISK
GSTIN:	27AAACH1234F1Z5	Application Date:	Sep 01, 2026

2. Bank Settlement & Document Verification

Account Holder:	High Risk Test Merchant	GST Certificate:	[REDACTED] Missing (Not Uploaded)
Account No (Masked):	XXXXXX9821	PAN Card:	[REDACTED] Missing (Not Uploaded)
Bank Verification:	Active & Verified (Penny-Drop)	Bank Statement (6M):	[REDACTED] Missing (Not Uploaded)

3. Quantitative Risk Assessment & Reason Codes

CALCULATED RISK SCORE	MODEL CONFIDENCE	RISK TIER CLASSIFICATION
78.3%	88%	High Risk Tier

Risk Factor Attribution (Explainability Chart)		Green = Protective (-%) Red = Risk Trigger (+%)
Document Completeness 3 required KYC documentation file(s) missing		Document Completeness: +30%
Revenue Stability Monthly revenue variance is 0.72 vs category benchmark 0.25		Revenue Stability: +25%
Refund & Chargeback Rate Refund distribution rate is 14.5% exceeding the category tolerance of 5.2%		Refund & Chargeback Rate: +20%
Adversarial Data Integrity Authentic entropy confirmed across transactions		Adversarial Data Integrity: -15%
Settlement Timelines Standard payout intervals without abnormalities		Settlement Timelines: -10%
Operating Track Record Established business track record (24 months)		Operating Track Record: -10%

- [high_revenue_volatility] (+0.25 weight): Monthly revenue variance is 0.72 vs category benchmark 0.25
- [refund_rate_above_benchmark] (+0.2 weight): Refund distribution rate is 14.5 % exceeding the category tolerance of 5.2 %

4. Adversarial Stress Test & Data Integrity Audit

Adversarial Status: CLEAN - Data Integrity Verified

Stress tests confirmed authentic velocity patterns, non- linear revenue trends, and organic settlement timelines.

5. Multi-Agent Reasoning & Audit Trail Traces

Agent: DataAgent Autonomous AI Pipeline Agent Standardized 3 0 transaction cycles; extracted velocity, refund rates, and revenue variance without anomalies.	2ms
Agent: DocumentVerificationAgent Autonomous AI Pipeline Agent Missing: GST Certificate, PAN Card, Bank Statement; Commercial bank account details (account_ number, IFSC, holder_ name) verified via Razorpay Penny- Drop - > All flagged for manual review	4ms
Agent: RiskAgent Autonomous AI Pipeline Agent Computed credit risk score of 7 8 . 3 % with 8 8 % confidence. High revenue volatility and elevated refund frequency detected.	3ms
Agent: AdversarialAgent Autonomous AI Pipeline Agent Confirmed statistical entropy, natural variance, and low anomaly probability across all settlement timelines.	2ms
Agent: DecisionRouter Autonomous AI Pipeline Agent Routed application verdict as RECOMMEND: MANUAL REVIEW in accordance with portfolio underwriting rulebook.	1ms
Agent: ExplainerAgent Autonomous AI Pipeline Agent Application flagged for manual review due to missing KYC documents (GST Certificate, PAN Card, Bank Statement). Please provide missing verification records.	5ms
